

## **Liskow & Lewis Participates in the New Orleans Habitat for Humanity Bench and Bar Project**

On Saturday, March 15, the New Orleans Habitat for Humanity launched the 2008 Habitat for Humanity Bench and Bar Project. The Project is a unique opportunity for members of the New Orleans legal community to work side by side and build a Habitat for Humanity house. The house-build brings together practitioners, judges and others over eight weeks on a Friday-Saturday work schedule from March 15 through May 10. Chief Judge Berrigan and other EDLA judges have been participating weekly in this project.

On **Saturday, April 12**, Liskow & Lewis participated in this project and helped bring homeownership to a worthy New Orleanian, Cherie LeBlanc. The firm worked on the home located on Eagle Street in the Hollygrove area, which was devastated after Hurricane Katrina. The attorneys, staff and family members worked together with Chief Judge Berrigan and Judge Eldon Fallon to finish the roof and siding of the home. This Habitat for Humanity home is sponsored by Proskauer Rose LLP.

**First Row, Left to Right:** S. Gene Fendler, Linda Fendler, Kelly T. Scalise, Sean P. Brady, Cherie LeBlanc (Homeowner), Mary Wiggenhorn
