Liskow & Lewis is honored to be the recipient of the inaugural BP Legal Diversity and Inclusion (D&I) Award.

Liskow is proud to partner with BP, a company with a demonstrated commitment to diversity that is establishing a standard of excellence for us all.

Liskow strives to provide diverse lawyers with the professional mentoring and training necessary to build client relationships and develop a vibrant law practice. Progress is reflected in the promotion of minority and women attorneys to positions of leadership across the firm. We are proud that Liskow lawyers have served in leadership roles and actively participate in national and local organizations that promote diversity within the legal profession.

Our commitment to diversity is driven not by external pressures. Rather, it is rooted in a belief that our clients are best served by the experience, expertise, and perspective that is the byproduct of rich diversity.
